SCHOOL PLACEMENT SPECIALISTS IN ENGLAND

As a family organisation established in 1975, Barnes Educational Services have helped many young European and Non-EU students come to England for educational reasons. We deal with some of the finest private and state schools throughout the UK. We have chosen to form a relationship with York College to provide a joint package since we believe York College has the best international offering from all the UK colleges.

We look forward to receiving your application documents which should be sent to Ric Carby – ric@barnes-educational.co.uk

What happens next:

- We will contact York College with your application and provide support as necessary to gain an offer from York College.
- York College may choose to interview you via Skype and follow any additional suitable application procedure.
- Once an offer has been made to you by York College we will send confirmation of this to you along with a contract from BARNES for the total package (please note - an unconditional offer can only be made once York College has validated your official IELTS level).
- The offer can be accepted by signing and returning the contract to BARNES and making payment of the GBP 1,000 deposit payable to BARNES.
- Following payment of the deposit a CAS number will be issued by York College to allow you to secure your visa.
- The details of the host family will be provided in good time to build a relationship with them prior to the start of the stay.
- If requested, we can make an arrangement for you to visit York College. Please note that it is not necessary for a student to come to England before an offer is made but a small number of students choose to do this and so we want to let you know that this is possible.

INSURANCE

A suitable insurance package (including cancellation insurance to cover course fees and host family/guardianship fees) can be recommended at a cost of ~£300 per year.
